

WHITING FIRE DEPARTMENT

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED & DISCLOSED & HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

The Whiting Fire Department is required by law to maintain the privacy of certain confidential health care information, known as Protected Health Information or PHI, and to provide you with a notice of our legal duties and privacy practices with respect to your PHI. The Whiting Fire Department is also required to abide by the terms of the version of this Notice currently in effect.

Uses and Disclosures of PHI: The Whiting Fire Department may use PHI for the purposes of treatment, payment, and health care operations, in most cases without your written permission. Examples of our use of your PHI:

- For Treatment. This includes such things as obtaining verbal and written information about your medical condition and treatment from you as well as from others, such as doctors and nurses who give orders to allow us to provide treatment to you. We may give your PHI to other health care providers involved in your treatment, and may transfer your PHI via radio or telephone to the hospital or dispatch center.
- For Payment. This includes any activities we must undertake in order to get reimbursed for the services we provide to you, including such things as organizing your PHI and submitting bills to insurance companies (either directly or through a third party billing company), management of billed claims for services rendered, medical necessity determinations and reviews, utilization review, and collection of outstanding accounts.
- For Health Care Operations. This includes quality assurance activities, licensing, and training programs to ensure that our personnel meet our standards of care and follow established policies and procedures, as well as certain other management functions.

Reminders for Scheduled Transports & Information on Other Services. We may also contact you to provide you with a reminder of any scheduled appointments for non-emergency ambulance and medical transportation, or to provide information about other services we provide.

Use and Disclosure of PHI without Your Authorization. The Whiting Fire Department is permitted to use PHI without your written authorization, or opportunity to object, in certain situations, and unless prohibited by a more stringent state law, including:

- For the treatment, payment or health care operations activities of another health care provider who treats you;
- For health care and legal compliance activities;
- To a family member, other relative, or close personal friend or other individual involved in your care if we obtain your verbal agreement to do so or if we give you an opportunity to object to such a disclosure and you do not raise an objection. We may also disclose health information to your family, relatives, or friends if we infer from the circumstances that you would not object. For example, we may assume you agree to our disclosure of your personal health information to your spouse when your spouse has called the ambulance for you. In situations where you are not capable of objecting (because you are not present or due to your incapacity or medical emergency), we may, in our professional judgment, determine that a disclosure to your family member, relative, or friend is in your best interest. In the situation, we will disclose only health information relevant to that person's involvement in your case. For example, we may inform the person who accompanied you in the ambulance that you have certain symptoms and we may give that person an update on your vital signs and treatment that is being administered by our ambulance crew;
- To a public health authority in certain situations as required by law (such as to report abuse, neglect or domestic violence);
- For health oversight activities including audits or government investigations, inspections, disciplinary proceedings, and other administrative or judicial actions undertaken by the government (or their contractors) by law to oversee the health care system;
- For judicial and administrative proceedings as required by a court or administrative order, or in some cases in response to a subpoena or other legal process;
- For law enforcement activities in limited situations, such as when responding to a warrant;
- For military, national defense and security and other special government functions;
- To avert a serious threat to the health and safety of a person or the public at large;
- For workers' compensation purposes, and in compliance with workers' compensation laws;
- To coroners, medical examiners, and funeral directors for identifying a deceased person, determining cause of death, or carrying on their duties as authorized by law;
- If you are an organ donor, we may release health information to organizations that handle organ procurement or organ, eye or tissue transplantation or to an organ donation bank, as necessary to facilitate organ donation and transplantation;
- For research projects, but this will be subject to strict oversight and approvals;
- We may also use or disclose health information about you in a way that does not personally identify you or reveal who you are.

Any other use or disclosure of PHI, other than those listed above will only be made with your written authorization. You may revoke your authorization at any time, in writing, except to the extent that we have already used or disclosed medical information in reliance on that authorization.

Patient Rights: As a patient, you have a number of rights with respect to your PHI, including:

- *The right to access, copy or inspect your PHI.* This means you may inspect and copy most of the medical information about you that we maintain. We will normally provide you with access to this information within 30 days of your request. We may also charge you a reasonable fee for you to copy any medical information that you have the right to access. In limited circumstances, we may deny you access to your medical information, and you may appeal certain types of denials. We have available forms to request access to your PHI and we will provide a written response if we deny you access and let you know your appeal rights. You also have the right to receive confidential communications of your PHI. If you wish to inspect and copy your medical information, you should contact our privacy officer.
- *The right to amend your PHI.* You have the right to ask us to amend written medical information that we may have about you. We will generally amend your information within 60 days of your request and will notify you when we have amended the information. We are permitted by law to deny your request to amend your medical information only in certain circumstances, like when we believe the information you have asked us to amend is correct. If you wish to request that we amend the medical information that we have about you, you should contact our privacy officer.
- *The right to request an accounting.* You may request an accounting from us of certain disclosures of your medical information that we have made in the six years prior to the date of your request. We are not required to give you an accounting of information we have used or disclosed for purposes of treatment, payment or health care operations, or when we share your health information with our business associates, like our billing company or a medical facility from/to which we have transported you. We are also not required to give you an accounting of our uses of protected health information for which you have already given us written authorization. If you wish to request an accounting, contact our privacy officer.
- *The right to request restrictions on uses and disclosures of your PHI.* You have the right to request that we restrict how we use and disclose your medical information for treatment, payment or healthcare operations purposes, or to restrict the information that is provided to family, friends and other individuals involved in your healthcare. However, we are only required to abide by a requested restriction under limited circumstances, and it is generally our policy that we will not agree to any restrictions unless required by law to do so. If you wish to request a restriction on the use or disclosure of your PHI, you should contact our privacy officer and make a request in writing.

The Whiting Fire Department is required to abide by a requested restriction when you ask that we not release PHI to your health plan (insurer) about a service for which you (or someone on your behalf) have paid the Whiting Fire Department in full. We are also required to abide by any restrictions that we agree to. Notwithstanding, if you request a restriction that we agree to, and the information you asked us to restrict is needed to provide you with emergency treatment, then we may disclose the PHI to a healthcare provider to provide you with emergency treatment.

A restriction may be terminated if you agree to or request the termination. Most current restrictions may also be terminated by Whiting Fire Department as long we notify you. If so, PHI that is created or received after the restriction is terminated is no longer subject to the restriction. But, PHI that was restricted prior to the notice to you voiding the restriction must continue to be treated as restricted PHI.

Right to Notice of a Breach of Unsecured Protected Health Information. If we discover that there has been a breach of your unsecured PHI, we will notify you about that breach by first-class mail dispatched to the most recent address that we have on file. If you prefer to be notified about breaches by electronic mail, please contact Dave Cunningham to make Whiting Fire Department aware of this preference and to provide a valid email address to send the electronic notice. You may withdraw your agreement to receive notice by email at any time by contacting our Privacy Officer.

Internet, Electronic Mail, & the Right to Obtain a Copy of Paper Notice on Request. If we maintain a web site, we will prominently post a copy of this Notice on our web site. If you allow us, we will forward you this Notice by electronic mail instead of on paper and you may always request a paper copy of the Notice.

Revisions to the Notice: Whiting Fire Department reserves the right to change the terms of this Notice at any time, and the changes will be effective immediately and will apply to all protected health information that we maintain. Any material changes to the Notice will be promptly posted in our facilities and posted to our web site, if we maintain one. You can get a copy of the latest version of this Notice by contacting our Privacy Officer.

Your Legal Rights & Complaints: You also have the right to complain to us, or to the Secretary of the United States Department of Health and Human Services if you believe your privacy rights have been violated. You will not be retaliated against in any way for filing a complaint with us or to the government. Should you have any questions, comments or complaints you may direct all inquiries to our Privacy Officer.
