

The Uptown Incentive

We have a vision for the future of 119th Street. We see a thriving destination point supported by thoughtful planning of our business community, unified by standards and bolstered by incentive. As we move forward, we have a desire to preserve our historical district while attracting more eclectic shops, eateries and points of interest. From national franchises to new and exciting start-up companies, we will accommodate your needs. We can provide professional marketing, brand development, space planning, storefront and signage assistance.
