

WREN

(WHITING-ROBERTSDALE ENVIRONMENTAL NEIGHBORS)

IS CHALLENGING OUR COMMUNITY MEMBERS TO COLLECT
1000 POUNDS OF PLASTIC.

THE NEXTREX CHALLENGE PROVIDES A RECYCLING SOLUTION FOR PLASTIC FILM PACKAGING THAT KEEPS THOUSANDS OF POUNDS OF WASTE OUT OF LANDFILLS BY RECYCLING THEM INTO ECO-FRIENDLY OUTDOOR PRODUCTS.

IF WE COLLECT 1000 POUNDS BY FEBRUARY 2025, TREX WILL SUPPLY US WITH A BENCH MADE OUT OF TREX MATERIAL.

ALL YOU HAVE TO DO IS SAVE YOUR PLASTIC GROCERY BAGS AND FILM AND DEPOSIT THEM IN THE BINS PROVIDED. PUT THE CLEAN, DRY PLASTIC IN THE BINS AND WREN WILL WEIGH AND COLLECT THE PLASTIC FILM. HERE IS WHAT WE ARE COLLECTING:

COLLECTION BINS ARE LOCATED AT:
THE WHITING LIBRARY CHILDREN'S ENTRANCE,
WHITING CITY HALL AND WHITING STRACK & VAN TIL
